Hello. My name is Nicholas, and I own and listen to XM Radio. I was recently informed that my radio service was under attack. FCC, I am writing to inform you that benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available here in my town. Since I do pay for these services and I don't believe it should be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge you, the FCC, to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.
